- (2) When the installation requires the cutting and replacing of pavement, 1.7% of the estimated cost of this cutting and replacing of pavement will be added to the monthly charges above.
- (3) When an installation is in an area served by a concrete-encased duct system, additional charges stated above will not apply and, instead, the additional monthly charge will be 1.7% of the estimated cost of the underground conductor.
- (4) An underground conductor system, up to 150 feet per pole, can be installed to an existing pole under the “Existing Pole” rate in (A) above, for an additional monthly charge of \$4.70 per pole. For installations over 150 feet per pole, the charges under (B) (1) above will apply in addition to the \$4.70 charge.

(C) Transition Fees for Change out of High Pressure Sodium and Metal Halide Luminaires to LEDs

LED luminaires are not available under the schedule; however, upon customer request, the Company will replace High Pressure Sodium or Metal Halide luminaires with standard LED luminaires served on a standard pole on Schedule OL or Schedule GL, whichever is applicable, upon payment to the Company, in advance, of \$127.00 for each such luminaire replaced.
